

Special Pricing for 503(c)3 Organizations

We appreciate your interest in Oak Knoll Winery. Each year we donate to a number of non-profit organizations whose causes are aligned with our mission of giving.

There are many worthy organizations but we cannot donate dollars and product to all of them. We are pleased to offer a limited number of wines through a special pricing program created solely for qualified 501(c)3 organizations.

This special pricing allows non-profits to purchase wines or VIP tour packages at a significant discount from their retail value for use in their fundraising events and auctions.

If you are interested in purchasing our wines for your event please complete the attached form. Send your completed form to:
